Join AOSSM for this interactive CME course focused entirely on orthobiologics. Designed for sports medicine professionals including surgeons, primary care specialists and physician extenders, this course will provide instruction and expert insights on how to properly use available biologics in treating musculoskeletal disorders.

Through didactic lectures, case discussions, live and video demonstrations and hands-on practice with cadavers, the course will provide attendees with clinical decision-making skills, an overview of available technologies and regulations along with the best and most up-to-date evidence and methods to implement orthobiologics into your practice.

Early registration deadline
is March 20, 2020.

**After this date, a \$100
fee will be added.**

In conjunction with

The American Orthopaedic Society for Sports Medicine (AOSSM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. This activity has been approved for AMA PRA Category 1 CreditTM.
