

**WEBINAR!**

# Sports Medicine Cases & Controversies

presented by AAOS, AOSSM, and AANA

**February 2, 2021 • 7:15 to 8:30 pm CT**

**Brian J. Cole, MD, MBA, FAAOS**

**CAPT (Ret.) Matthew T. Provencher, MD, MC USNR, FAAOS • Kevin E. Wilk, DPT, PT, FAPTA**  
Course Directors

Led by course directors of the popular Annual Sports Medicine Course, this interactive webinar will feature case-based discussions on the most highly-rated course topics. A panel of leading experts will weigh in on three challenging cases, covering:

- Management of the irreparable rotator cuff tear
- Revision ACL decision-making and treatment
- Rehabilitation options following ACL reconstruction

Dedicated time for Q&A between cases makes for an engaging and lively discussion with faculty of the course that sells out every year. Plus, be the first to secure your spot for the 22nd Annual Sports Medicine Course, taking place in Park City, UT in February 2022!

Registration is free for AOSSM members!
